

Tracers

an Enformion solution

#1 PUBLIC AND PRIVATE RECORDS DATABASE

Access information outside the parameters of public records

Tracers aggregates over 120 billion public and private records from thousands of sources into one cohesive platform with a variety of search tools, customizable solutions, and affordable pricing.

People Search

Get accurate addresses, phone numbers, and emails for over 99% of adults in the U.S.

- » Search with as much or as little information as you have.
- » Receive data from alternative and unbanked sources not found in credit headers.

Business Reports

Research and investigate any size business with two different searches.

- » Uncover a company's future health and credit risk.
- » Access information on sales, assets, liabilities and names of executives.

Social Media

Gather a complete social profile and digital footprint for deeper social media research.

- » Crawl through millions of websites and social media pages in one click.
- » View accounts on message boards, domains, and even mentions.

UCC Filings

Easily search detailed UCC Filings on businesses and individuals.

- » Search by SSN, EIN, Business Name, Creditor Name, Address and more.
- » Uncover UCC filing date and history plus business details, SIC classification.

Plus dozens of other searches and reports — all in one place.

Professional Licenses • Bankruptcies/Liens/Judgments • Assets • Criminal Records
